Dear guest,

Visit Vienna! - Even if the Gothic master builders and Baroque castle owners had not thought of wheelchair users. And if also today, barrier-free construction still occasionally falls victim to architectural gimmicks or a lack of consideration.

For years, the Vienna City Administration has made efforts to provide services for people with disabilities and special needs: from sloped sidewalks to guiding strips for the blind in subway stations. But there is still a lot to do: at private companies as well as historic attractions, where landmark protection makes technical changes difficult.

More information, less frustration. That is our guiding principle when it comes to guests with disabilities and special needs. Don’t hesitate to ask us for any information that you require. There is one thing you can count on: Whenever obstacles need to be overcome, the friendly Viennese locals will be glad to assist you. The information in these guidelines is well-researched and up to date, but unfortunately it can also change without our knowledge. We would be very grateful if you would let us know about any errors that you may notice, and we will correct them.

VISIT VIENNA! - NOW. FOREVER.

With the VIENNA CITY CARD you explore the city for 24, 48 or 72 hours. You can use public transport (subway, bus or tramway) or the Hop-On Hop-Off tours of Big Bus Tours and get discounts to numerous attractions - from museum to heuriger. Many of these sights already provide discounts to visitors with a valid disability card and their companions; they are unable to offer additional price reductions. The Bonus Book will give you information on where the VIENNA CITY CARD is accepted.
